

## Model# : SLRP1210 3RF WM

### Technical Details

|                              |                                           |           |         |
|------------------------------|-------------------------------------------|-----------|---------|
| Dimensions L x W x H (mm)    | 1200 x 1000 x 150 mm                      |           |         |
| Material                     | HDPE / PP injection grade + UV Stabilizer |           |         |
| Type                         | Flat top surface                          |           |         |
| Bottom Type                  | 3 Skid Runners, unwelded                  |           |         |
| Temperature Stability        | - 25 °C to + 60 °C                        |           |         |
| Loading Capacity (kg)        | Static                                    | Dynamic   | Racking |
|                              | 6000 kg                                   | 2000 kg   | 1200kg* |
| Material Handling Equipments | Fork lift                                 | Hand Jack | Stacker |

### Options on request

|                     |                                                                                          |
|---------------------|------------------------------------------------------------------------------------------|
| With Rim            | Yes                                                                                      |
| Metal Reinforcement | Yes , 3 metal rods                                                                       |
| Labeling            | Customized one colour silk screen logo printing<br>/ logo embossing available on request |

### Colour Options

### Loading Quantities (Pcs / Approximate)

|                |         |                |         |
|----------------|---------|----------------|---------|
| 20ft Container | 225 pcs | 40ft Container | 520 pcs |
|----------------|---------|----------------|---------|

\* Depends upon the span width & uniform distributed loading
